PROFESSIONAL PROFILE

I am an innovative and detail-oriented software developer and designer with a proven track record of creating user-centric applications and compelling digital experiences. With a strong foundation in both **front-end** and **back-end development** and a passion for intuitive design, I bridge the gap between functionality and aesthetics to deliver seamless and impactful solutions. I am proficient in programming languages and frameworks, such as JavaScript, Node.js, etc. I am also skilled in UI/UX design, wireframing, prototyping, and graphic design using tools like Figma, Miro, etc. I have experience working with cross-functional teams, including product managers, engineers, and stakeholders to drive projects from conception to completion.
